Dear Mr. Wood,

On behalf of Children's Miracle Network, we would like to thank you for your gift of \$80.00.

Children's Medical Center Dallas will direct 2007 donations to support pediatric research studies, which will focus on the development of therapies to defeat infant and childhood diseases. The National Institutes of Health chose Children's as one of 14 sites to lead a nationwide pediatric research initiative.

Cook Children's in Fort Worth will dedicate 2007 funds toward the Children's Fund to support needed medical equipment, enhance pediatric programs and provide care to children whose families could not otherwise afford it.

Our founding pledge is that 100% of all funds raised in an area, stays in that area. We hope that you will take pride in knowing that your contribution stays right here in North Texas, helping ALL children live healthier and happier lives. Thanks again for your generous gift.

Warmest regards,

  
 Angela Bynum
